Drug Policy

Port Washington Fire Department

Date: January 11, 2018

The Port Washington Fire Department recognizes drug and alcohol abuse as a modern day problem affecting all professions. The Department also recognizes that many contributing factors cause certain individuals to use illegal drugs, abuse alcohol or abuse prescription drugs. Firefighting and emergency medical service professions are not immune from these problems. Fire Department employees and department members having such problems are encouraged to seek diagnosis and follow through with treatment that may be prescribed by any qualified professional in order to address the problem as early as possible.
